Inverter Generator for Home & Outdoor Use.

The Cromtech Outback inverter generator 2.4 kW is the most compact and lightest model in its class. This model is ideal for Camping, caravanning & RVs due to its compact suitcase size.

Crommelins have hand selected this portable generator for their recreational and domestic use. And confidently back it with an Australian wide Cromtech 1-year warranty with local **Service Agents** covering every part of Australia.

It can power portable fridge freezers, a small office and small power tools. Furthermore, a bonus dust cover comes with it for storage and to protect from the weather.

Above all, power options include two 15amp single phase outlets, two USB charge points and 12V-8amp battery charging.
